Designflooring

BETTER BY  
*design*

# Why Karndean?

## Pet-friendly

Muddy paws or household accidents – Karndean is scratch-resistant, waterproof and easy to clean.

## Phthalate free

Karndean flooring is phthalate-free and safe for your home.

## Kid-friendly

Enjoy the peace of mind of a safe, comfortable space to play.

## Low maintenance

Sweep with a broom, then mop with a pH neutral solution to clean. No harsh chemicals, waxing or machinery are needed.

## Durable

K-Guard+® surface treatment protects against everyday wear and tear.

## Quieter spaces

Our rigid core and loose lay flooring reduces noise to lower floors by up to 25 dB – perfect for upstairs bedrooms and playrooms.

## Waterproof

Our flooring is impervious to spills and splashes – it won't swell, warp or crack when exposed to water.

## Lifetime warranty

Buy with confidence. Your Karndean floor is backed by a lifetime residential warranty.

**Karndean  
Designflooring**

## *Inspired by the Beauty of Nature*

We travel the world to seek out the beautiful woods and stones that inspire our luxury vinyl flooring designs, capturing the distinctive characteristics of the natural materials in exacting detail. Virtually indistinguishable from hardwood and stone, every design is a Karndean original, each with a story just as unique.

Bring the beauty of nature into your home with a floor you'll love for a lifetime.

# *Lovingly Crafted for Your Home*

French oak. English ash. Exquisite marble from Greece and Italy.

Our product team travels the world curating the wood and stone that inspire our luxury vinyl flooring. The purpose is to seek out something extraordinary. To create something exceptional.

Through artistry such as staining, scraping, brushing and polishing, the natural materials are crafted to achieve unique aesthetic character, then replicated in exacting detail as beautiful flooring that's waterproof, easy to clean and backed by a lifetime residential warranty.

With more than 200 original wood- and stone-inspired designs in a wide spectrum of colors, you're sure to discover a Karndean floor that reflects your style – and fits your lifestyle.

# Designer. Carpenter.

# *Award-winning TV host.*

Ty Pennington is a true jack-of-all-trades who shares our passion for design – and now we're excited to team up, as he offers his distinctive taste and decades of experience to help you create beautiful spaces.

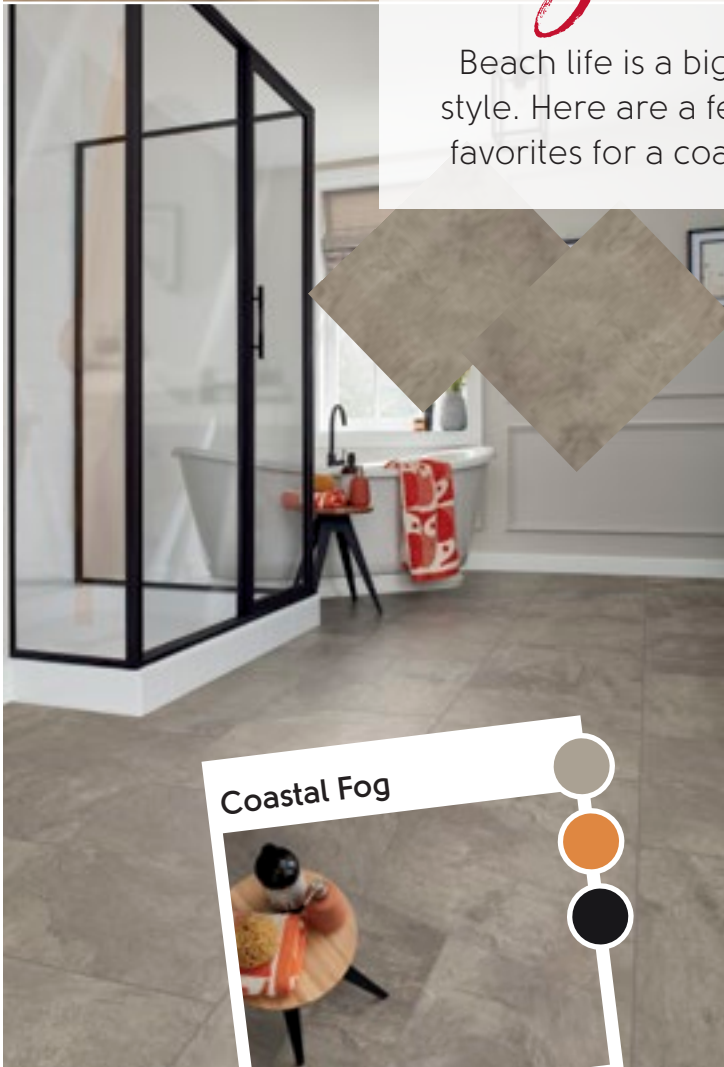

Shorebird Ash

# Ty's vibe

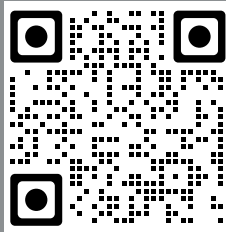

Beach life is a big influence on Ty's style. Here are a few of his Karndean favorites for a coastal look and feel.

Coastal Fog

*Creating a  
Better Tomorrow*

It's a new day.  
And we're creating  
a better tomorrow.

Reducing carbon emissions.  
Supply chain transparency.  
And an even stronger commitment  
to fair and inclusive workplaces.

This is how we make real change.

**This is how we Evolve.**

## Transparency and Trust

We're proud to be the first U.S. signatory of The Anti-Greenwash Charter. The Charter provides strict guidelines for sustainability marketing, ensuring that claims about Karndean products and operations are fair, accurate and substantiated.

### Confront Climate Change

Reducing our carbon footprint through energy efficiency and use of renewable energy.

42% By 2030

Greenhouse Gas Emissions Reductions

The Science Based Targets initiative (SBTi), an international corporate climate-action organization, has approved our targets for greenhouse gas emissions reductions, validating that our near-term targets are aligned with the reductions necessary to prevent catastrophic global warming.

### Inclusion and Diversity

Nurturing an equitable, inclusive and diverse workplace culture through engagement and education.

### Sustainable Resource Use

Conserving natural resources; using post-industrial and post-consumer recycled materials; making products that can be recycled.

- Our products offer an expected lifespan of 35 years for domestic use. Durable, high-quality flooring reduces impact on the waste stream, as well as resources needed to manufacture, transport and install replacement flooring.
- Our products use as much as 50% recycled PVC in the backing layers, with material derived from postproduction waste such as offcuts and process dust.

### Individual Health and Well-Being

Ensuring the health and safety of those involved with manufacturing and use of our products.

Complies With California Prop 65

Our flooring is free from chemicals known to cause cancer, birth defects or other reproductive harm.

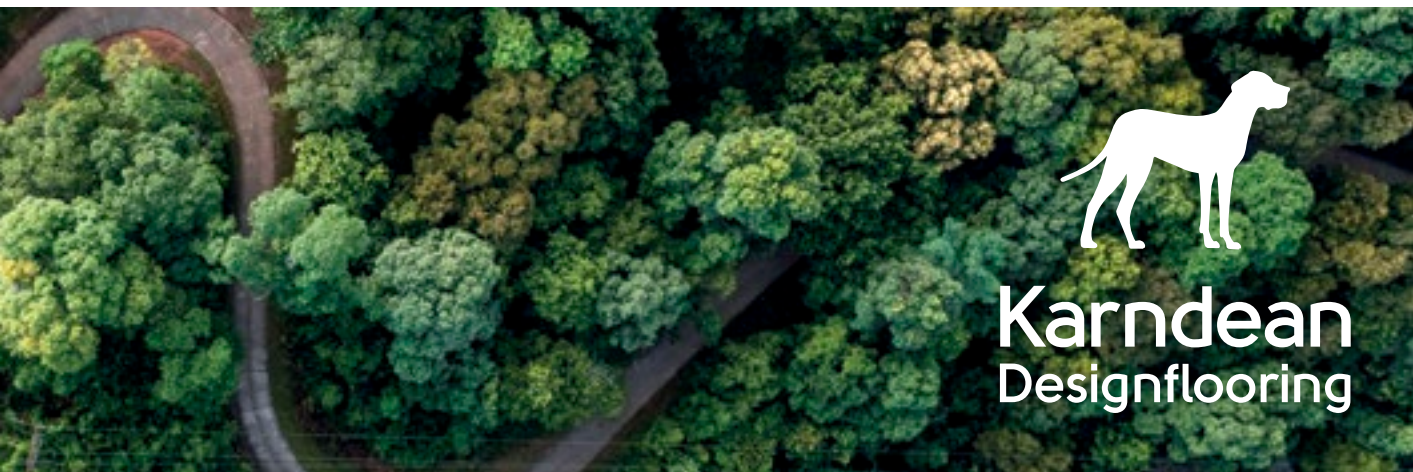

### Supply Chain Transparency

Third-party certifications for environmental and social responsibility, including fair treatment and safe conditions for workers.

### Employee Education

Educating employees about the importance of sustainability, helping them understand what role they play and increasing the likelihood of achieving our goals.

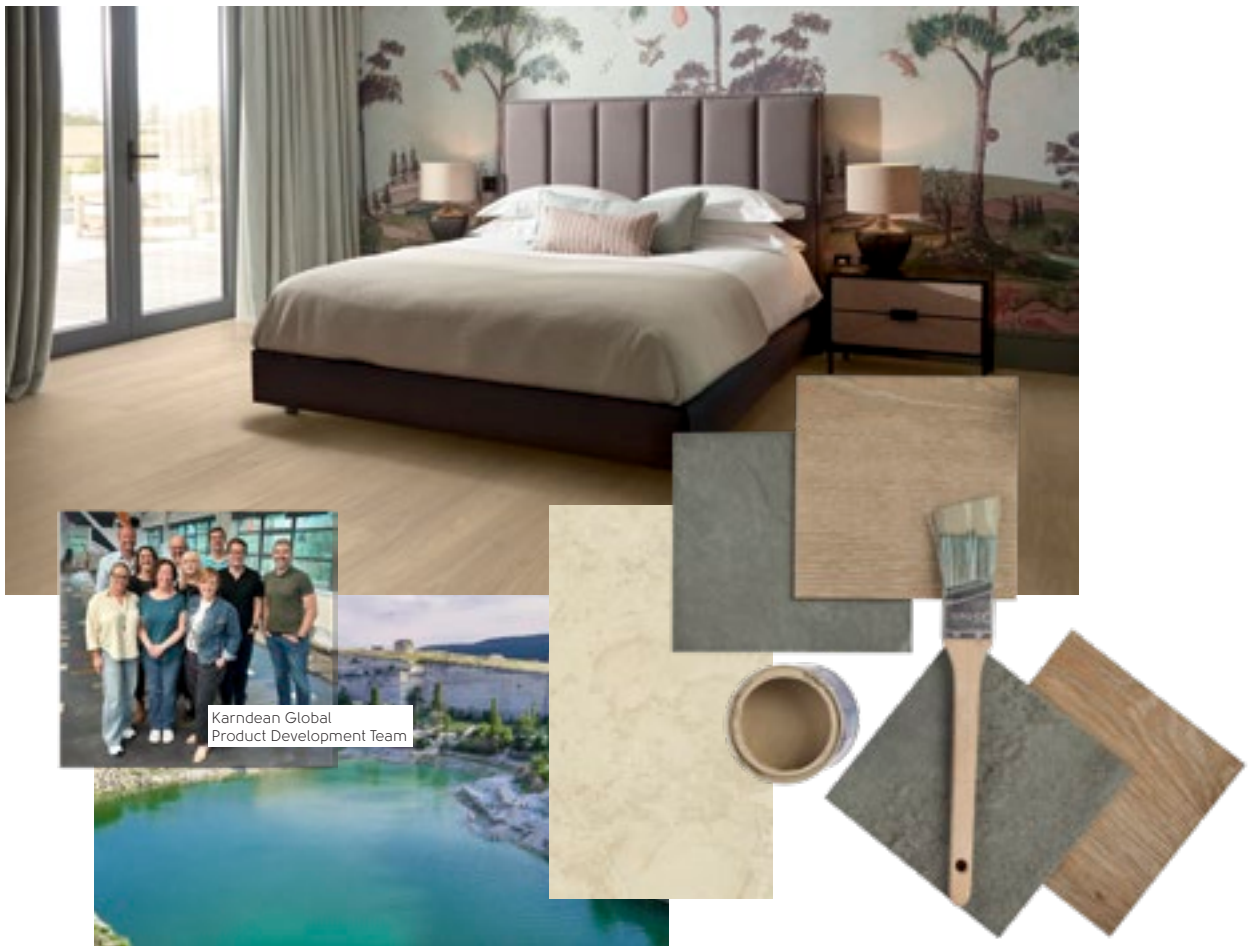

# Karndean DESIGN AESTHETICS

## *The Synthesis of Style + Mood*

Your home is an expression of your style. It's why we travel the world, seeking out the beautiful woods and stones that inspire our luxury vinyl flooring.

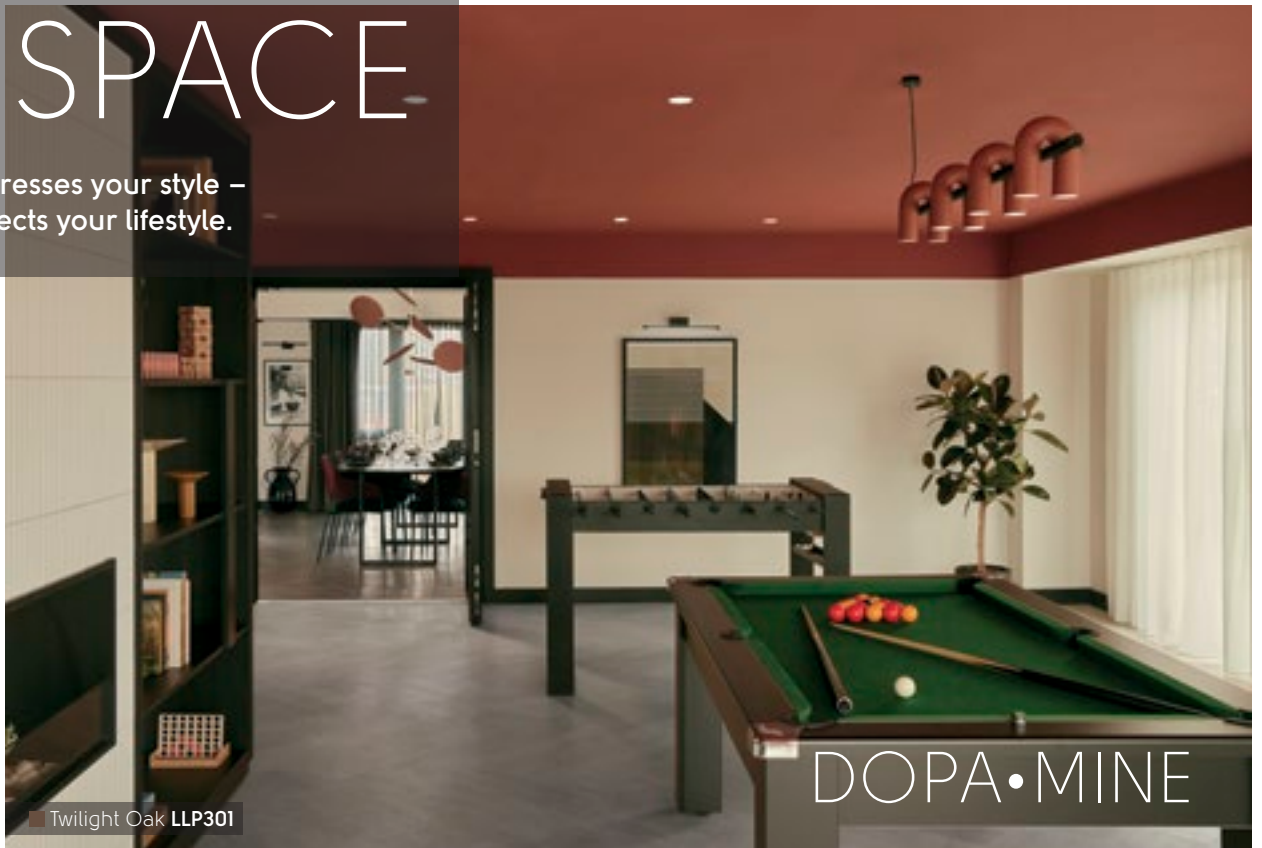

In the hands of our talented design team, those woods and stones are used to craft flooring of different colors, textures and character, providing stylish options for a variety of interior design aesthetics.

Every wood and stone design is a Karndean original, each as unique as your style.

# CREATE A SPACE

that expresses your style –  
and reflects your lifestyle.

The character, color and texture of our original flooring designs are carefully chosen to complement larger interior design aesthetics – holistic perspectives that shape the look, feel and function of an entire space.

Our design aesthetics are continually influenced by the world around us. Changing behaviors, attitudes and values are represented through design choices for colors, textures, shapes and forms.

## SERENITY | CALM | RESTORATION

“Senti” means “to feel.” It’s an idea at the heart of creating peaceful spaces that foster meaningful connection, with our inner selves and with others. Spaces that embrace handcraftsmanship, in all its natural beauty and imperfect character, remind us of our shared humanity, while treasured heirloom pieces connect us to fond memories of loved ones.

## RELAXATION | FOCUS | REFUGE

Luma brings nature and technology into harmony. Thriving greenery and other biophilic design elements create a connection to nature. The illumination of digital devices – inspired by natural phenomena like marine bioluminescence or celestial auroras – offers enchanting possibilities for light, color and multisensory stimulation.

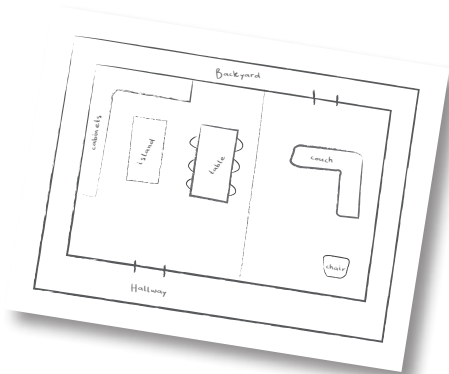

## JOY | OPTIMISM | SELF-CARE

Inspired by all the things we do for fun, these delightful interior spaces serve as a form of self-expression and self-care – much like the satisfying effect of a dopamine release. It’s coloring outside the lines with purpose, in equal measure playful and practical, achieving function in creative ways – but always centered on your joy.

Design a Floor  
*You'll Love for a Lifetime*

1

## Imagine Your Space

Think about how the layout of your room creates opportunity for an eye-catching installation.

2

## Design Ideas

See the different ways our flooring can be configured to create striking installation patterns.

3

## Choose Your Floor

Pick from stylish wood- and stone-inspired designs across three installation formats.

# 1

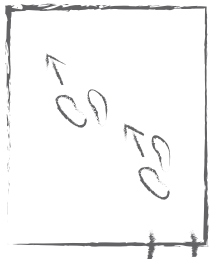

# Imagine Your Space

Think about how the flow of foot traffic, furniture placement and permanent fixtures can influence the installation pattern. Sketch an overhead for a visual representation.

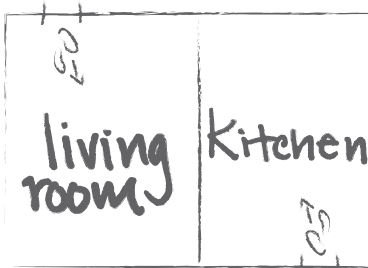

Where are the entry/exit points ...

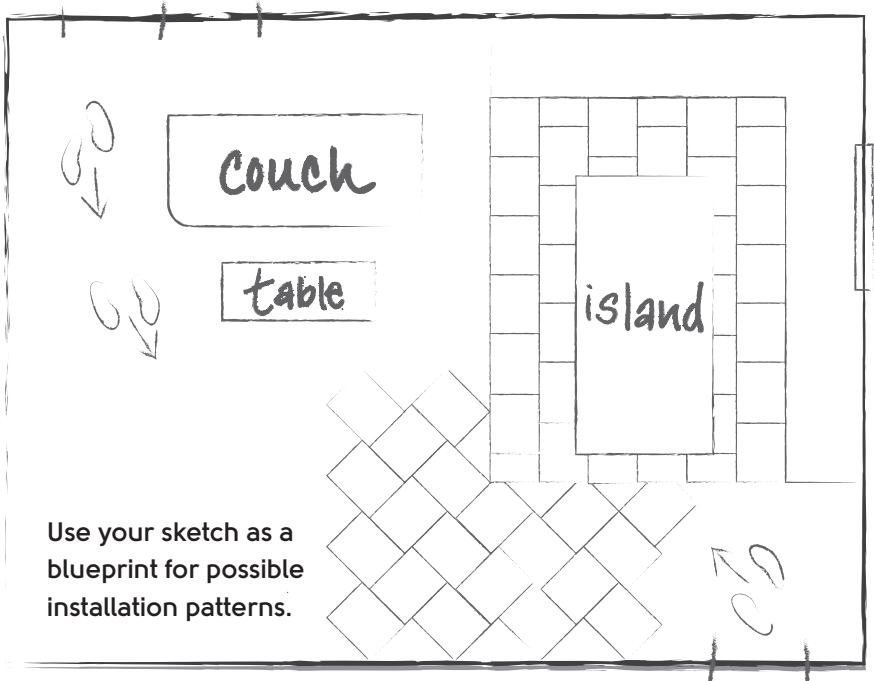

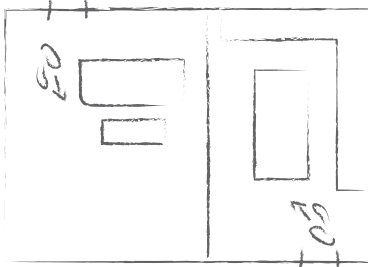

... and how do they affect the flow of foot traffic?

Are there adjoining rooms? Don't forget about transitions.

Can permanent fixtures, like a kitchen island, be zoned with a border?

## Stylish Design Details

Create additional visual interest by putting a border around the perimeter and using our luxury vinyl design strips between tiles.

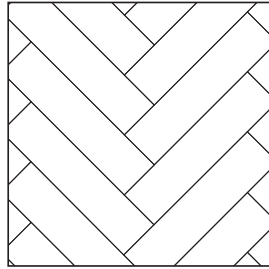

■ Grey Riven Slate **ST16** with DS10 3mm design strip

\*Our flooring is available in three installation formats: gluedown, rigid core and loose lay. Some patterns may not be possible with rigid core flooring, which locks at the edges. Talk with your Karndean retailer for more information.

# 3 Choose Your Floor

Installation Formats: Each has different benefits, depending on your project.

## RIGID CORE

### Choose rigid core for:

#### A quieter home

Rigid core flooring is made with a sound-absorbing backing that reduces noise to lower floors, perfect for upstairs hallways and bedrooms.

#### A fast, easy installation

Pieces easily click and lock together over most hard subfloors. Minimal prep and no adhesive required.

## GLUEDOWN

### Choose gluedown for:

#### A custom layout

Pieces can be cut and laid in countless ways. Gluedown also is compatible with design strips and decorative borders.

#### Easy replaceability

Single planks and tiles can be lifted and replaced if damaged by furniture or heavy objects.

## LOOSE LAY

### Choose loose lay for:

#### A custom layout

Planks and tiles can be cut and laid to create one-of-a-kind installations.

#### A quieter home

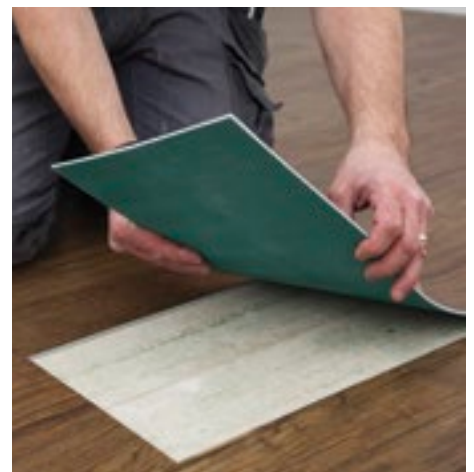

Sound-absorbing K-Wave® backing reduces noise to lower floors, perfect for upstairs hallways and bedrooms.

#### Fast, easy installation

K-Wave® friction-grip backing holds floor in place, eliminating need for full-spread adhesive.

#### Easy replaceability

Single planks and tiles can be lifted and replaced if damaged by furniture or heavy objects.

# Color Options

Think about materials and finishes in the space – walls, cabinets, baseboards – when choosing your floor color.

## Create a Moodboard

Remodeling an entire room and not sure where to start? Use a moodboard to establish a color palette. Paint samples, magazine pictures, fabric swatches – all can provide inspiration for your new space.

  Follow us on Instagram **Karndean\_usa** and Pinterest **karndeanusa** for flooring and design inspiration.

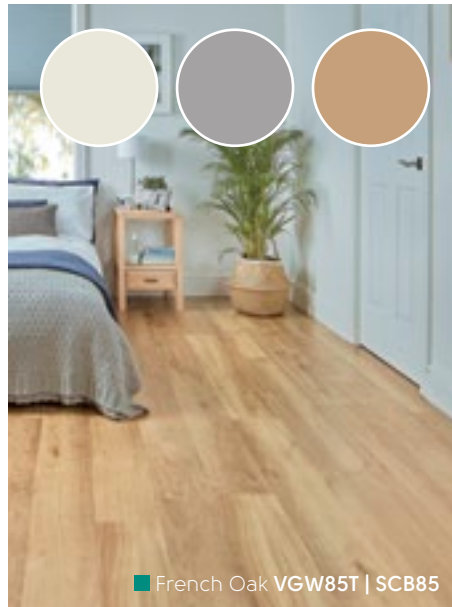

## Warm

Warm-toned floors tend to work well with traditional décor, creating an inviting ambience.

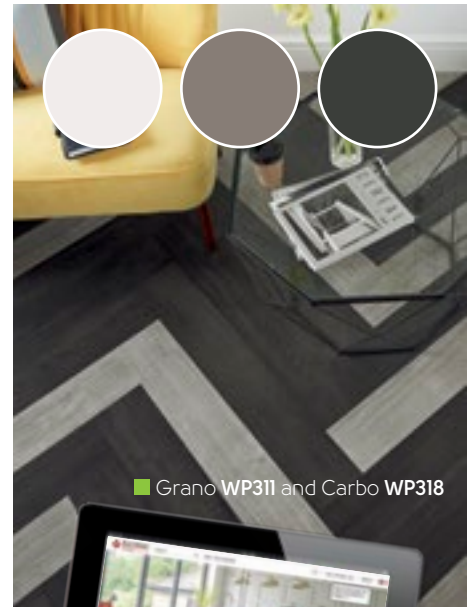

## Neutral

Neutral colors offer a clean backdrop for a variety of interior design aesthetics – ideal if you ever decide to update the space.

## Cool

Floors in cooler color tones work nicely in contemporary spaces – think open concepts and clean lines.

*Inherently Beautiful and Full of Character*

## EUROPEAN OAK

Karndean founder, Mike Walker, came across the original inspiration for these planks on a run through the Clent Hills in the UK, with his trusty Great Dane, Smokey. As the story goes, he took a second glance along his normal route spotting some men cutting down one of the trees deeper into the forest. Intrigued by the cracked and split aged wood, he stopped Smokey in his tracks and wandered towards the tree. He was fascinated by the markings and grains developed over hundreds of years of life. What we now know is that the rare grain patterns found in this particular tree were due to a unique combination of shallow soil and a dry micro-climate. The tree cutters, a bit surprised and confused, agreed that Mike could take the wood. He returned home, rallied a few friends to come out and loaded the massive log sections into a van to be worked into the beautiful floors you see today.

# TRAVERTINO GEORGETTE

Travertine is a type of limestone that forms near mineral hot springs that give the stone its rich colouring. The natural stone features distinctive veining and small holes. The size and number of the holes determine the quality of the travertine. The color across the tiles is fairly uniform which makes it a great carrier within a space, with the floor able to support different interior décor schemes.

# LIMESTONE

After discovering a unique batch of limestone while visiting an English quarry, our design team used both faces of the stone to create two individual designs within one product. Initially etching the stone to create a bleached effect, we then used a high-pressure brushing process to uncover the stone's natural character. We fused these designs together to form what can also be interpreted as a concrete design.

Fumo SM-SP216

# CLARUS

An authentic concrete look that uses a mix of gray and silver hues to provide a clean, washed finish. With its versatile large tiles, Clarus will provide a neutral base to any contemporary, modern or industrial home setting.

# Knight Tile

— C O L L E C T I O N —

*Effortlessly Stylish with Universal Appeal*

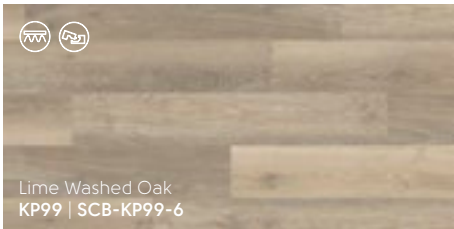

# LIMED OAKS

These oak planks feature a limed, slightly textured finish. Liming is traditionally used to protect woods from natural elements and as a design choice it is terrific for rooms with both warm colors and neutral grays.

# SLATE

The design team went to a number of different quarries in the Lake District, England, and sourced volcanic slate by hand, selecting pieces of this 300-million-year-old stone. Each piece was individually unique in character, and the detail of the linear markings and fractured features of the stones really pair well with an active family space.

## Behind the Design

# BERN STONE

The aggregate design of Bern Stone has a subtle terrazzo feel within a concrete style for a strong, yet subtle design with plenty of versatility. The blend of light and dark stone chips nested against the blue-gray colorway adds subtle detail to your room design.

# Cleaning and Maintaining Your Karndean Floor

Karndean Designflooring is durable and easy to look after. Unlike carpet, our hygienic floors do not hold dust, dirt pollen or other allergens. Our K-Guard+® enhanced surface treatment helps protect against everyday wear, spills and scuffs, giving you peace of mind that your Karndean floor will look great for years to come.

A regular sweep and mop with Karndean Clean or other pH neutral, fragrance free cleaner approved for use with vinyl floors is all you need to keep your Karndean floor looking its best. Visit the cleaning and maintenance section of our website where you can watch videos and view answers to frequently asked questions.

## Karndean Designflooring Floor Care Kits

Over time you may want to treat your floor to some extra care. Our Floor Care Kits contain Karndean Clean, Karndean Remove and Karndean Refresh solutions, and are available to order through your retailer.

Karndean Clean can be used for routine maintenance. We recommend using Karndean Remove and Karndean Refresh to rejuvenate your floor every six to twelve months, depending on wear.

### Color & Pattern Reproduction

Our products are inspired by wood and stone from around the world. Just as variation in color and detail enhance the natural beauty of wood and stone, there can be similar variation apparent when our flooring is installed.

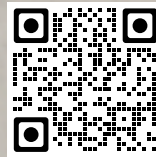

We continually enhance and develop our wood- and stone-inspired designs. As such, products can be discontinued. Please visit our website to confirm availability.

Karndean Designflooring owns all designs, which are protected by copyright.
